**CONTRACT FOR WATER SERVICE**

This contract witnesses that for and in consideration of the effort of the above-named water system, to secure financing for construction of this system continued maintenance of the system, the above applicant petitions to connect to the water system. This application shall serve as a Certificate of Deposit and the applicant hereby agrees to connect to the water system. The applicant agrees to and is charged \$100 for the deposit if they are the homeowner and \$200 deposit if they are renting/leasing. If for any reason the applicant desires or requires a name change or moves to another location in the city, **another deposit will be charged.** The applicant agrees not to share their connected line(s) nor to resell or give away their certification purchase. A separate contract may be required for commercial property. The applicant's rights hereunder are subject to such further rules and regulations as the system may prescribe. The system may terminate service to any customer who is in violation of any rule or regulation of the system.

The system may terminate service to any customer who is past due with their bill at any time. Deposits to insure payment of the monthly water bills and penalties on delinquent water accounts shall be as the system prescribes. The applicant agrees to permit the system to lay, maintain, repair, remove, and disconnect a service line and/or meter. Read meters on any customers property and to be designated by the system for each connection with right of ingress and egress for these purposes over customers property and grant easement for installation of water lines when required. The system will repair any damage caused by the system to a customer's personal property during such times and only as soon as possible. The applicant agrees to trash service as provided by the contracted refuse service and the system. A separate contract may

be required for commercial property concerning refuse/trash services. Non-payment by the due date will subject the account to be assessed a late penalty. Non payments by the disconnect date will result in the service being shut off. If the service is discontinued because of non-payment, the entire amount due for the account plus all pertinent service charges, plus a reconnect fee must be paid in full at the office before the service will be restored. Online payments take 24 hours to enter the system. Reconnect fees must be paid in the office before 2:00pm Monday through Friday to be reconnected the same day. Repeated (3 or more consecutive) disruptions of service will nullify this contract and the applicant's deposit may be used toward their delinquencies with this system requiring the applicant to pay another deposit to continue service.
